Discipline and respect. Qualities that enhance the

chance for success. These are just two of the key ingredients used in the art of Karate - two ingredients that could save the life of an individual trained in the martial art.

Karate is a sport designed to teach respect and values, said Burt Maben, head instructor of karate in Romulus. "It's a good, clean family exercise.

Maben has been teaching karate for two years. He is a 3rd Degree Black Belt and is currently rated number one in the Midwest in mens' mid-

dle-weight fighting by the National Black Belt League.

He is also currently rated first regionally and fourth nationally in Black Belt fighting by the North American Sport Karate Association and is a former U.S. champion in the sport.

The 29-year-old Detroit resident first began learning karate 10 years ago as a form of self-defense.

'Now I do it for the fun," he said. "There's nothing like karate to relieve the stress and to keep in shape."

He practices almost every day and enjoys teaching his techniques to others.

"I teach a mix between the basics of karate and the development of a strong mind and body," Maben said. "I instill discipline in my students and teach them to respect their values and to have a good outlook on life.'

And although he teaches self-defense, he also teaches his students to avoid conflict.

"If you have confidence in yourself, if you respect others, you realize that conflict is not always necessary. Discipline is the key, and I make sure my students know what that word means by the time they've finished with my class.'

Although summer karate classes are coming to an end in Romulus. Maben would like to urge residents to sign up for fall classes which should begin in mid-September.

Anyone 5 years of age and older is invited to attend. Applications may be picked up at the Romulus Recreation Department.

### Stabbing suspect sought nationwide

By AMANDA WILSON ANP Staff Writer

A nationwide search will soon begin for a suspect involved in the Feb. 5 killing of Northwest Flight Attendent Nancy J. Ludwig.

Teamsters local 2757 announced Tuesday that information on the case will be distributed to the more than 2 million members of the Teamsters Union nationwide. They also added an additional \$30,000 to current \$50,000 reward, bringing the total to

"The victim's husband. Arthur Ludwig, requested our help, and we hope our efforts lead to the arrest of a suspect," said JoAnne Cox, office manager with local 2757. "We'd hate to see this incident just die down and we hope our efforts prevent that from happening.'

"I think it's wonderful to have 2 million people helping me search for the man who killed my wife," Ludwig said. "It makes my job a lot easier." Currently, police are work-

ing with composites of possible suspects. They are looking for a white male, 5-feet-9-inches to 5-feet-11-inches tall, weighing 140 to 155 pounds. He was reported as having light brown or dishwater hair, and may have been wearing glasses.

The suspect was last seen in the hotel parking lot entering a 1978 to 1980 light brown or bronze Chevrolet Monte Carlo in good condition with white license plates.

According to police, the layover in Detroit was not a regular route for Ludwig. In fact, this was only the second Detroit layover for her during her 15 years as a flight attendent, they said.

Ludwig was found dead in her hotel room around noon on Feb. 25 by a housekeeper at the

The Wayne County medical examiner stated that she died after her throat was cut. According to police, she was also sexually assaulted.

Anyone with information on the incident should call the Romulus police tip line at 942-

## Pregnant woman is gunshot victim

Efforts to apprehend a gunman who shot a 24-year-old pregnant woman in Van Buren Township are being extended outside the township borders.

A composite picture of the suspect is being distributed to the Romulus Police Department as well as other Wayne County communities, but was not available at press time.

The victim, Leigh Rose of Van Buren Township, had parked her car at the Harbour Club Ltd. complex at approximately 5 p.m. Aug. 22 when a lone male approached her demanding money. Rose refused to give money to the armed man, and attempted to escape from him on foot. At that point, the armed man shot the victim once and fled from the scene in

an unknown direction, according to police reports of the inci-

The shooting victim managed to reach the golf course, which is adjacent to the apartment complex, and called for aid. Van Buren Township Public Safety officers responded to a report of the shooting at 5:15 p.m., and the victim was conveyed to St. Joseph's Hospital, Ann Arbor, where she was reported to be in fair condition.

Police officers are seeking a black male in his mid-30s in connection with the attempted armed robbery and shooting. The suspect is reported to be 6-feet-tall with a medium build and dark complexion. He wore glasses and may have had a moustache.

### **Bond proposals to** appear on ballot

By AMANDA WILSON ANP Staff Writer

Romulus officials have agreed to include two bond proposals on the ballots in the November general election.

Residents will be asked to approve bond issues in a total of 1.51 mills for road repair and storm drain improvement.

A mill is \$1 for every \$1,000 of the State Equalized Value of the home. The SEV is equivelant to one-half of the market value of the home.

"Among the more prominent concerns voiced by our citizens continues to be the matter of roads, their improvement, maintenance and replacement," said Mayor Beverly McAnally. "The city does not have sufficient resources to meet the growing needs of our

'We are also under a federal court mandate instituted by the Environmental Protection Agency to comply with several requirements regarding infiltration into the sanitary sewer and storm water management.

In general, sump pumps, roof drains, ditches, street drains, etc. Again, the city does not have funds to cope with the enormous costs associated with compliance.'

Because of these points, the bond issues should be placed on the ballot, McAnally said. Council members agreed.

"We need some form of finance to repair our roads that were built years ago and need to be updated," said Councilman Jimmie Raspberry

'This is an opportunity for the people to make a decision if they really want to put the effort in to doing it," said Councilman Russell Lambert.

As far as the drainage system goes, "... it is essential with improvement of the roads," McAnally said. "If the drains are not repaired, the roads will not hold up.

The street bond proposition is for a total of 1.10 mills. The proposal asks if the city shall borrow the sum of not to exceed \$8 million for the purpose of paying costs of construction,

## New attendance policy should keep kids in school this year

By AMANDA WILSON ANP Staff Writer

As Romulus students step through the school doors this year, they may be suprised to learn that missing 10 days per semester is no longer allowed.

A new attendance policy will be in effect this year which states that kids must be in school every school day.

'The Board of Education got together with our partners and business and learned that children right out of school don't have the proper attitude when it comes to work ethics," said Michael Teasdale, assistant principal of Romulus Senior High. "They were missing days for poor reasons, and we believe it may be because school rules were far too lenient."

That has now changed. And those still trying to get away with it may see their absenteeism reflected in their grades, according to Daniel Hurst, also an assistant principal for the high school.

"If students aren't there to participate, they simply won't be able to get the work accomplished and it will eventually effect their grade," he said. "If their absenteeism is excessive, they will not pass.

School will begin this year Sept. 4 as students come in for one-half day. Full-day sessions will begin Sept. 5 for Romulus Senior and Junior Highs and the six elementary schools.

Sure, it may be a solemn occasion for some, but with new technology being brought to some classrooms, it could also be a welcome relief.

Children attending Wick Elementary are in for the biggest suprise as they'll be walking in to find their school painted, remodeled and full of computers.

By the end of the school year, Barth and Hale Creek elementarys will see much of the same, the rest soon to

At the high school, students will witness the construction of an extremely modernized gym, while those at the junior high watch an athletic field in the making. Cory and Merriman elementary students will also get the chance to see construction of a gym, and all of the above will see improvements to the interiors of the buildings this

## ROMULUS NEWS

### 8-year-old boy killed on bike

A Romulus man may be charged in the death of an 8year-old boy in an incident which occured last Friday.

The boy, Timmie Farkus was struck and killed by the motorcyclist at about 12:50 p.m. on LeRoy Street.

The cyclist, a 19-year old resident of Wild Fox Court, was traveling eastbound on LeRoy near Stover at a high rate of speed when he struck the child, who had entered the street riding his bicycle, according to

They said Farkus was thrown 100 to 150 feet from the point of impact and was pronounced dead on the scene.

The cyclist was transported by emergency vehicle to Annapolis Hospital where he was treated and released.

Romulus police are continuing their investigation into the incident. The cyclist could be charged and arraigned this week on the charges of negligent homicide or manslaughter with a motor vehicle if evidence is sufficient.

### Police seek 2 in armed robbery

An armed robbery occurred Sunday night at a Romulus gas station in the 29000 block of Ecorse Road.

According to police, at about 9:20 p.m., two men approached the lone male attendent. One suspect, described as a black male, 5-foot-7-inches in height with a stocky build, grabbed the employee by the shirt, informing him that it was a holdup.

The other suspect, a black 6foot-1-inch male with a medium build, pulled a silver-colored hand gun from his shirt, pointing it at the man, police said.

The attendent was then told to lay on the floor, and to not look at the suspects, according to police. They proceeded to remove the drawer from the cash register, taking the money and some of the change.

Their vehicle was described as a newer blue full-size Chevorlet van with custom windows, police said. There were no wit-

### Lambert takes action

By AMANDA WILSON ANP Staff Writer

Russell Lambert is tired of seeing the airport take land away from the residents of Romulus and puts that issue on the top of his list of things to resolve if re-elected to city council.

"I realize it's important to have this major airport to fill the needs of the country and that the airport is the hub of industry for our city, but I'm tired of them taking land unjustly out from underneath us," he said.

"Some people who have lived in this city longer than I've lived are being told to move willingly or the land will be taken anyway, and I'm tired of seeing no alterna-

If re-elected, Lambert would also like to fight to get shopping malls placed within the city. He realizes that if more people come to the city to live, this just might be a possibility and would like to push for residential growth.

"I think the city needs to come up with some type of plan to work with area developers to get subdivisions and homes put in the vacant residential land we now possess," he said. "If we give them a break on the cost, we could get more residents in the city and that could eventually bring in more commercial growth. It would encourage trade and benefit the people at the same time."

Lambert also supports recycling efforts within the city although he thinks Romulus jumped on the bandwagon way too late.

## Reward posted for hit and run suspect

By AMANDA WILSON ANP Staff Writer

A \$500 reward has been posted for any information leading to the arrest and prosecution of the suspect involved in an auto accident which severed the leg of a 46-year-old Romulus woman July 21.

The accident occurred at about 2:30 a.m. on Middlebelt Road near Northline. The Romulus resident, Katherine Marie McAnulty, was the passenger on a motorcycle which was heading northbound.

According to police, the suspect, traveling southbound in his vehicle, swerved onto the other side of the road, striking the motorcycle and severing the woman's right leg.

The suspect is described as a white male between the ages of 20 and 30, and about 5-feet, 7inches in height. His hair is described as brown, short and straight.

According to the police, he

was believed to have been driving a 1981 to 1985 Ford Escort or Mercury Lynx. That vehicle should have right front and/or right side damage and possibly black transfer paint.

McAnulty's attorney, Sheldon H. Adler, posted the reward, and would like anyone with information to call Romulus police officer Rick Schwartz at 942-6882.

### CITY OF ROMULUS NOTICE TO ELECTORS

NOTICE IS HEREBY GIVEN, pursuant to MCL Section 168.539 and Section 168.644 (f), the City of Romulus Odd Year Primary Election SHALL NOT be held as contemplated.

Candidates who filed for nomination to the Office of Mayor, Clerk, Treasurer and City Council did not exceed twice the number to be elected to that office, therefore, those candidates are deemed nominated and shall be placed on the November General Election Ballot.

CITY OF ROMULUS

**CHAPTER 35** 

**ARTICLE III** 

An Ordinance to Amend Chapter 35 of the Code of Ordinances by the Amending Section 35-621 (2) Providing for Stopping, Standing, and

THE CITY OF ROMULUS, WAYNE COUNTY, MICHIGAN DOES

Section 1: Short Title: This ordinance shall be known and cited as the

Section 2: Chapter 35 is hereby amended by the addition of the following

amended City Stopping, Standing and Parking Ordinance.

Parking Facility: Section 35-621(2) and Section 35-629 of the

City of Romulus Code of Ordinances are hereby amended to read

Section 35-621(2) Class II. Motor vehicle parking facilities that

are maintained and operated by any person in the city in connec-

tion with and for the benefit of patrons or customers of any

establishment, store, theater, amusement, dance hall, apartment,

hotel or other business or enterprise shall not be considered a

parking lot under the licensing provisions of this division. The

parking facilities of Hotels and Motels shall not be considered as

a parking lot under the licensing provisions of this division only

as to those guests or patrons who are registered and actually

present on the premises, or for each 24 hour period while such a

patron or guest is registered as residing on the premises. Any

other such parking is prohibited unless such Hotel or Motel has

received separate licensure as provided under Section 35.651 and

has complied with all zoning and building ordinances and regu-

Section 35-629. Rates. No parking facility licensee shall charge

rates in excess of those set forth in his application for a license

unless and until he has notified the City Clerk in writing of the change and posted signs showing the increase. Further, all licen-

sees shall be imputed to charge the minimum rate as established

by City Council resolution for the collection of all taxes and

surcharges applicable to parking facilities. Such a rate, as is

established by resolution of the City Council, is not intended to

be the rate which licensees must charge for the use of their parking

facilities, but merely represents the minimum rate at which all

applicable taxes and surcharges would be applied and payable.

By way of example, if the rate by Council resolution is set at \$2.00

and the applicable taxes and surcharges are 30%, then the amount

All resolutions, ordinances or parts thereof in conflict with the

provisions of this ordinance are to the extent of such conflict.

Should any clause, section or provision of this ordinance be

declared invalid by a court of competent jurisdiction, the same

shall not affect the validity of the ordinance as a whole, or any

This ordinance shall become effective immediately upon publi-

part thereof, other than the part so declared to be invalid.

I, Linda R. Choate, CMC, Clerk for the City of Romulus, Michigan do

hereby certify that the foregoing is a true copy of an ordinance adopted

by the Romulus City Council at its regular meeting held on the 24th day

Within forty-five (45) days after the publication of any ordinance duly

thereupon and thereby be suspended from operation and the Council shall

### **Weight Loss Surprises Researchers**

WASHINGTON-A nutrition organization was hopeful that a nutritionally complete "hi-tech" food tablet would help erase world hunger problems, until a study revealed that one of the ingredients could cause significant weight loss.

Researchers in Europe found that an ingredient in the aptly named produce Food Source One actually caused people to lose weight, even though specifically instructed not to alter normal eating patterns, according to one study published in the prestigious British Journal of Nutrition. Researchers in an earlier study had speculated that the weight loss was due to a decrease in intestinal absorption of calories.

While the development of Food Source One, a project of National Dietary Research, would not be used to successfully fulfill its original goal, the discovery has been a windfall for overweight people. A Daytona Beach. Florida woman fighting a weight bat-tle for 12 years used the product on the recommendation of her physician

and lost 30 pounds. She stated, "Not only have I lost 30 pounds, but my cholesterol has dropped from 232 to 143. I have two closets full of clothes which have not fit me in two years that I can now wear." In a separate report, a telephone interview revealed that a Wilmington, North Carolina pharmacist lost 14 pounds in 15 days on the product and was never hungry. Food Source One is available through physicians and pharmacies without a perscription because it is not a drug and contains only natural ingredients already known to be safe. Copies of the referenced style are available free from National Dietary Research, Suite 553, 1377 K St., Washington, DC 20005, however, please include \$2 Postage & Handling for each request.

Food Source One is available in chocolate, vanilla or strawberry. A 100 tablet supply...Only \$24.98

## Drains Run Slow

You'll never have a slow running, or clogged drain again! er your pipes. An expensive, temporary measure. The secret? Clean drains don't run slow.

The "slows", or periodic clogs, are SIGNALS that a thick layer of GOOK is choking your pipes. Grease, hair, and other waste stick to your pipes, with every use. This gook deposits along the entire length of the pipe. It chokes your pipes gradually, as it gets thicker and thicker.

Conventional drain openers can't fix slow drains. They react chemically on the surface of the gook. To be effective, they must remain in contact with the waste. Even a small tunnel through the gook lets them flow out to the sewer, leaving the gook behind. In the past, the only way to remove this build-up was to root-

Now, with just a few minutes each month, you can easily

clean out your pipes ... and KEEP them clean with Plumb Clean\*. It clings, and penetrates deep into the gook. No other product has the Plumb Clean formula. That is what allows it to liquefy even years of build-up. Plumb Clean will clean the entire length of your pipes. It will make your drains run like new, when used as directed. This penetrating action is so revolutionary, we stand behind Plumb Clean\* with a money-back guarantee! Don't be confused. Plumb Cleans is the brand with the money-back guarantee right on the label. Saves Money. A 1 lb. jar of Plumb Cleans holds up to 41

drain treatments. Even if drain openers could fix slow drains, it would take over 10 quart bottles to get the same number of treatments. Plumb Cleano costs about 35¢ per treatment. We don't know of anything that cleans drains for less.

Independent laboratory studies show Plumb Clean\* more effectively breaks down organic waste than all other products tested. So, if your drains have the "slows", act now. Get safe. guaranteed Plumb Cleano today! Available only at: 82191

TRAVEL TIPS

Jamaica was once the winter haunt of the rich and/or famous, but it's now accessible to most vacationers. Many of the hotels have become all inclusive resorts and new ones open continuously. In addition, there are popular priced hotels where meal plans are optional, luxurious resorts where service is still the most important factor and magnificent villas which come equipped with maid, cook, butler and gardener.

The main resort areas are Montego Bay, Ocho Rios and the newly emerging Negril. Flights go into Montego Bay regardless of where you're staying (unless you're going to Kingston) and many resorts and hotels are located there. Some of the best known resorts are in Ocho Rios which is a two hour drive but once there, you're not likely to venture far from the beach except to take a tour or two. Negril also requires some traveling, but both are beautiful areas with wonderful beaches which make the trip worthwhile

Some all-inclusive resorts are for couples only, some are open to everyone but attract many singles and some are strictly family oriented. Many people return to the same place year after year or try a different place only to return to their original favorite again next time. It's strictly a matter of personal preference and budget although prices of the all-inclusives are fairly close.

If you're looking for an island with fine hotels and scenic beauty, Jamaica is just the place for you.

## **Historic beginning**

## An August start for some local grid teams opens season

By TOM MOORADIAN ANP Staff Writer

Westland John Glenn and Coach Chuck Gordon own the Western Lakes Division football crown.

And the Rockets may be able to keep the coveted title.

But look for Plymouth Salem and Tom Moshimer as well as North Farmington to give the Westlanders a lot to worry above during the 1991 season. And this is a historic season

for high school football. The 1991 campaign will get under way in August for the first time in memory. Over the past four decades, at least,

"I don't think we're ready to play," said Moshimer, who is entering his 25th season as Salem head coach and 33rd overall coaching year, "but I

don't think Trenton is easy. Salem and Trenton will kick off the season 7:30 p.m. on Friday.

Also Friday night, John Glenn will entertain Highland Park, a team that has never caused Gordon or his Rockets problems in the opener.

Meantime, over in Romulus, the independent Eagles are at home to Willow Run's Eagles. That game will launch Da Henry's third year as the Romulus head coach.

All three contests are nonconference games.

The majority of other area and local teams will begin the season Sept. 6.

Glenn won the divisional title before losing to Farmington Harrison for the overall championship. Moshimer says that Harrison is again the "team to

beat in the conference."

Moshimer says that back-to-back undefeated junior varsity teams at North Farmington place the Raiders in an excellent position to challenge Glenn for the title.

"As I see it Glenn, North and us, with Livonia Stevenson also in that group will be fighting it out for the divisional title this year," Moshimer said. "And the first two conference games will be crucial for us. Whoever wins those two will be in the driver's seat."

Salem takes on North Farmington (Sept. 20) and then Glenn (Sept. 27).

Guess few would disagree with Moshimer on that one.

**Experience makes** Wayne a contender

> By TERRY LYNCH ANP Special Writer

"Experience counts." Ask any coach, he'll tell you And Wayne Memorial has

football experience that veteran coach Chuck Howton hopes to cash in on during the 1991 season.

Howton hopes to show this fall that experience counts for a lot.

"We finished third in the league last year. We hope to have a strong team because we have eight players returning who started as juniors last year-,"said Howton.

"We have a fine nucleus of kids to build around," the coach

The Zebras, who respected members of the Wolverine 'A' Conference, tallied a respectable 6-3 overall record last year. But they may have a good shot at besting that record this season. The shot revolves around experienced players leading some of the key areas in the Wayne attack on both sides of the ball.

Although they play the "glamour" position, quarterbacks also carry a lot of responsibility on their shoulders. The Zebras are "sitting pretty" in that de-

Controlling the Wayne offense this year is second-year starter Jason Wetmore. Wetmore threw for 11 touchdowns last year and, according to Howton is "throwing the ball as well as he ever has.

"He's just a fine athlete and a good leader," Howton said.

The Zebra passing game should be in sync as Wetmore will be looking for two of his favorite targets from last year.

Wide receivers Rick Barnes, 6-foot, 2-inch, 180-pounds and Greg Carrico, 6-foot, 2-inch, 185pounds, will hope to pick up where they left off. They have excellent hands - like glue, some rivals will tell you.

Barnes, who doubles as defensive end, has great hands and is described by Howton as "a real offensive threat".

Carrico also does double-duty as the Zebra safety

But a team can't pass on every down. You have to be able to push it up the field as well.

Wayne's running game should benefit from the experience of returning letterwinners fullback, Scott Dziedzic, (6 foot, 180 pounds), who is a co-captain and plays the "Monster Back" position in Howton's defensive scheme. Dziedzic was selected for 'All-League' honors last

The other Zebra co-captain, linebacker Jason Bodnan, is described by Howton as "capable of playing for a big school". The 6-foot 4-inch 220-pound athlete will fill a big hole in the Zebra offensive line at the guard position. He also possesses 4.8 speed making him quick off the ball or onto the ball carrier.

Rounding out the defense, Wayne has three senior defensive backs returning as second

year starters. Led by wide-side DB Mike

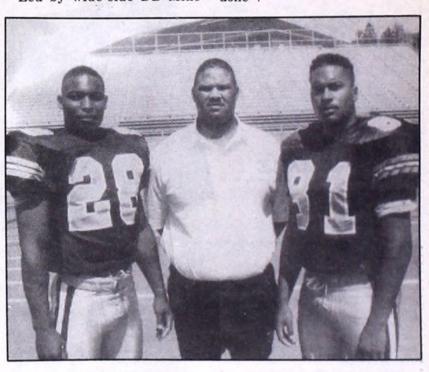

Chuck Gordon

Martin, the Zebras should have 'an excellent perimeter defense"

In fact, Howton thinks that defense will be the team's strength.

"We hope to have the kind of defense that can exert pressure and cause turnovers. And we want to take advantage of any mistakes," the coach said.

The Zebra offense will work behind the likes of center David House at 5-foot, 11-inch, 200 pounds, and tackle Derrick Reeves (5-foot, 10-inch, 205 pounds). Eric Bates will be the Zebra tight-end. This is his first year as a starter, but at 6-foot, 3-inch, 195 pounds, Howton says "he has the size to get the job

Former Wayne Memorial football standouts Pierre Hixon (28) and Larry Johnson (81) have changed their grid stripes and will be playing for the Broncos at Western Michigan University this season. Both ex-Zebras were All-Area gridders while in high school. Hixon is a sophomore comerback who lettered in 1990, while Johnson is a red-shirt freshman wide receiver. ## Cage champs have only 1 starter

By TOM MOORADIAN ANP Staff Writer

With all of the Suburban Athletic Conference basketball teams gunning for him, Inkster cage coach Dwight Hotchkiss will have only one returning veteran to place into the field of

Hotchkiss' Vikings blew the SAC apart a year ago, sweeping to the title with an untarnished 12-0 record. They went on to win their first Class B district title by outlasting the then state champ, Divine Child. They reached the regional finals before losing a thrilling game to New Boston Huron and Coach Terry Sumenick.

tradition and athletic talent.

"We got a lot of work ahead of us," said Hotchkiss as he prepared for his seventh campaign as head coach. He

doesn't see 7 as being lucky for him.

"Unfortunately, our gym is undergoing repairs and we haven't been able to use it very

'And with only one veteran back, need I tell anyone that we will have to put in a lot of overtime to get ready.

Actually, there are two returning letterwinners from last year's championship team. However, 5-4 All-Area guard Laquita Epps was had to undergo knee surgery which will sideline her for most, if not all, of the 1991 campaign.

However, 6-0 junior center Christina White is back. And she has the potential to lead the Vikings to another exciting season if - and that a big if- a supporting case can be found.

And that can only add to the Vikings' troubles.

### Henry returns as Wayne coach By TOM MOORADIAN ANP Staff Writer

Chuck Henry, who led Wayne Memorial to five Wolverine 'A' Conference basketball championships during his seven year tenure as coach before accepting a job with Walled Lake Western a year ago, is returning to the Zebras as head

The 42-year-old Henry has accepted the position held by his brother, Dan, and will replace Sally Berger as head coach of the women's basketball team. Berger will serve as the junior varsity coach. "I'm glad to be back," Henry said. "It's no secret, I love

Henry said that he is looking forward to the upcoming men's basketball season, "because I feel we have the quickest team that I have seen in these parts in a long time.'

However, he is presently trying to get the women's team ready for the 1991 opener, scheduled for Sept. 5 when the Zebras will participate in the Tip-off Tournament involving teams from Grosse Ile, Taylor Center and Romulus.

### Champs

Claude Johnston (at left) shot a 76 to go along with his first-round score of 75 for a 151 total to surface as the medalist for the city of Westland at the 32nd City Championship Golf Tournament staged Aug. 10-11 at Fellows Creek. He is congratulated by runner-up Tracy Mull who finished sixstrokes back. Not pictured is thirdplace trophy win-Murray Brooks, who carded a 164.

### Romulus leads a 'parade of champs'

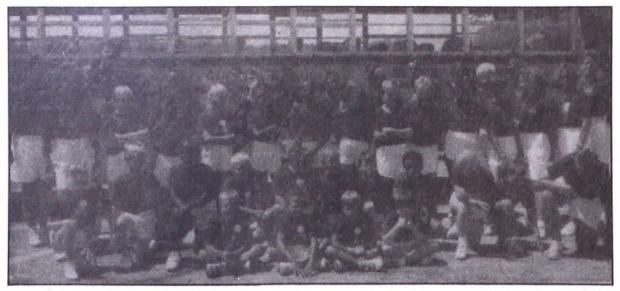

Romulus, the defending champ, had the honor of leading the Parade of Champions during the 34th annual Youth Fitness Meet.

The meet was staged recently on Belle Isle in Detroit.

More than 40 parks and recreation teams took to the field of competition to compete for the prestigious John J. Considine Memorial Trophy. The trophy was presented to Romulus a year ago for the team's outstanding performance and sportsmanship-two key criteria in determing the champion.

Each city sends its best young athletes to the meet to compete, according to established age groups, in such events as standing long jump, running long jump, agility run, dashes, running relays, chinning and softball throw.

Lynelle Stewart and Robert Garner of Romulus were designated as the torch lighters for the parade, while Renee Britt and

Romulus also captured its share of medals and trophies.

Individual awards went to Jason Dew, who placed first in the running long jump; Jennifer Kusibab, who was second in the softball throw; Robert Garner, second in the running long jump; Waynard Shreve, second in the standing long jump; Larry Jackson, fourth in chinning; Charles Shreve, fourth in standing long jump; Chris

Koeger, fourth in chinning; Phillip Britt, fourth place in chinning and Geoffrey Raphael, fourth in standing long jump.

Youth participants also included:

Philip Brett, Renee Britt, Kenny Burke, Ricky Burke, Helen Cleveland, Jessica Coleman, Jason Dew, Aaron Fecay, Charles Fecay and Chris Garner.

Also participating were: Robert Garner, Chris Garwood, Theresa Genaw, Jeff Goldsmith, Terri Green,

Alex Hackney, Joe Hackney, Kelly Hardeman, Marcel Hardeman, James Jackson, Larry Jackson, Laurie Kahl, Chris Koger, Jennifer Kusibab and Anson Long.

The Romulus recreation team also included John Penn, Geoffrey Raphael, Christopher Rocker, Charles Shreve, Waynard Shreve, Jennifer Slater, Geoffrey Sparr, George Sparr, Lynelle Stewart, Michelle Stull, Rebecca Swain, Robert Watts, Jonathan Williams and Sarah Ziemer.

## **Sports briefs**

Here's what is happening on the Sports Beat this week:

Two former All-Area gridders are in the lineup of Grand Valley State University 1991

Doug Strehl, a guard, and Eric Thornton, a defensive end, will be playing for the Lakers when the season opens on Sept. 7. Grand Valley will clash with Saint Joseph's College of Indiana in its 1991 debut.

Strehl and Thornton were key figures in Coach Chuck Gordon's championship teams of the past and are expected to play major roles for the Lakers this season.

The Lakers posted a 10-2 season record last year and made their second consecutive appearance in the NCAA Division II championship playoffs.

The Westland Hockey Association continues its tryouts for various age group skaters.

The WHA fields traveling teams in the Mite, Pee Wee and Midget Divisions.

All tryouts are conducted at the Westland Sports Arena. 6210 N. Wildwood. There is a \$5 fee per session.

Those who need further information are requested to contact Bill Jacobs (495-0398) or Laura Bajis (421-0748).

### Canton crowns champs

Forty junior tennis players, seeking to be the best in Canton, took part in the annual parks and recreation tournament last

And when the swinging was completed, five earned first-place

The tournament finished on a high note with all five age group champs taking straight set victories," pointed out Bob Dates, recreation supervisor. "I believe I can say that all of those who participated enjoyed the competition.

In the finals, Matt Potter of Plymouth turned back city rival. Keith Evans, in a pair of 6-1 sets to capture the first-place trophy for boys, 10-12 years old.

Then, in the 13-15 age group, Harry Lee of Canton defeated Ellen Gaston of Plymouth by scores of 6-2 and 6-0.

Jennifer Clack of Canton had a relatively easy time of disposing of Ellen Gaston of Plymouth. Clack posted victories of 6-2 and 6-0 to claim the 13-15 age group crown. And in the 16-18 boys division, Koos Steenbakker prevailed over

Wilson Lee, 6-3, 6-1 to walk off the court with the boys title. In the 16-18 age group for girls, Jennifer Clack of Canton defe-

ated Pam Reynolds of Canton, 6-1, 6-0 for the championship.

### All-Stars duel for cage supremacy

Some of the most famous names in past high school basketball history and a few members of the NBA will tangle Saturday in a clash of All-Stars at the Inkster Recreation Com-

Grant Long and Terry Mills, who helped build basketball tradition at Romulus High before departing for sterling collegiate and now professional careers are in the lineup that will take on Fred Smiley's All-

Smiley, an all-state prep from Inkster High who went on to All-American fame at Northwood Institute in Midland, will take on the Darryl Lewis stars at 5 p.m.

Lewis' team recently won the Vic Diehl Summer Basketball Championship staged in Inkster. Long and Mills played for the champs.

There will be a 4 p.m. game between the Inkster All-Stars and the Claude Stringer of Detroit team.

The Inkster Recreation Complex is located on Middlebelt Road, about a half-mile north of Michigan Avenue.

### Schedules, please

With the 1991 high school football season just hours away, The Associated Newspapers sports staff is as eager as the coaches and the players to get the season started.

However, the ANP sports staff will need the cooperation of coaches, who are urged to report scores to the sports desk

during regular business hours, Monday through Friday.

Also, at least four local high schools have yet to send in their fall sports schedules. With schedules in hand, the ANP can assign photographers and writers to the events.

If you have any questions, please contact the ANP sports desk by dialing 729-4000.

### By Abdul Mussani, M.D.

It's important to consult a physician right away when you detect signs of Alzheimer's Disease in yourself, a parent, or a spouse. Postponing a visit to your physician can delay diagnosis and treatment for other conditions which have symptoms similar to Alzheimer's Disease.

The first signs of Alzheimer's Disease may include memory lapses, reduced concentration, decreased judgment, and impaired motor skills. Symptoms always appear gradually and the patient's health deteriorates progressively over time.

Alzheimer's is a progressive, degenerative, incurable disorder which most frequently occurs in people age 60 and older. However, the disease can begin its course as early as age 40.

### PHYSICAL EXAM IS A MUST

Through a thorough physical exam, your doctor can uncover one of many disorders that can cause Alzheimer's-like symptoms. Many of these conditions are treatable, some are curable. In fact, some conditions that appear to be Alzheimer's can be successfully treated with a simple change in lifestyle or habits.

Some common conditions that

can imitate Alzheimer's include:

 Reaction to medications either prescription or over-thecounter drugs

· Nutritional deficiencies, such as inadequate amounts of vitamin B-12

· Anemia, which may deprive the brain of oxygen

Underactive thyroid

· Tumors, which can interfere with organ or glandular function, even if it's a benign growth

• Depression or other psychological illness

## Renaissance poster proves winner for Westland student

By AMANDA WILSON ANP Staff Writer

A combination of something old, something new definitely brought good luck to Janice Lebedeff of Westland.

After budget restraints took some of her college grant funds, Lebedeff won the money back with a talented idea that

brought in \$1,500 and a bit of very good publicity.

We had to create a design that depicted the Michigan Renaissance Festival in my Advanced Graphics Design class," Lebedeff said. "Our ideas were actually submitted to a contest to promote the festival, and I was very surprised to learn that I won."

Her design of a renaissancetype figure with a modern 35mm camera hanging from his neck, and a Michigan map with the festival location highlighted in his hand can now be seen on posters promoting the 12th annual festival which opened last weekend and will continue each weekend through Sept. 29. "I wanted a Back to the Future type of idea, as if a man came here from back in time to see the changes that have taken place over the years. I combined an illustration and a photograph for more visual impact to the funny-happy scene and hoped that the tongue-andcheek humor would bring the

effect I wanted," she said. Apparently it did as Lebedeff was able to use the prize money to finish paying her tuition at the Center of Creative Studies in Detroit. She graduated this spring and now works for the SB&A advertising agency in Ann Arbor.

The 22-year-old is the daughter of Gerald and Nadia Lebedeff of Westland whom

she said, are very supportive and proud.

"It's so exciting to look at those posters now and actually think 'Hey, that's my idea!'it's a great feeling.

Lebedeff has won five other awards as a CCS student and SB&A employee.
